Zeus³ 9":

- Excellent screen visibility with ultra-wide viewing angles
- Easy to control, even in wet conditions or rough seas
- High performance for responsive operation and quick chart redraw
- Dedicated sailing features such as SailSteer, Laylines and RacePanel
- Built-in Wi-Fi for easy access to charts, weather, updates, support, and screen mirroring
- Integrates seamlessly with other B&G displays and accessories in a boat-wide system

VHF V60:

- Class D DSC approved VHF radio
- Dual channel AIS receiver
- Integrated GPS receiver
- Removable fist mic supports front or rear connection
- Connect up to two wireless handsets
- NMEA 0183® and NMEA 2000® connectivity

WS320:

- Superior data accuracy and aerodynamics
- Sensor quality and reliability

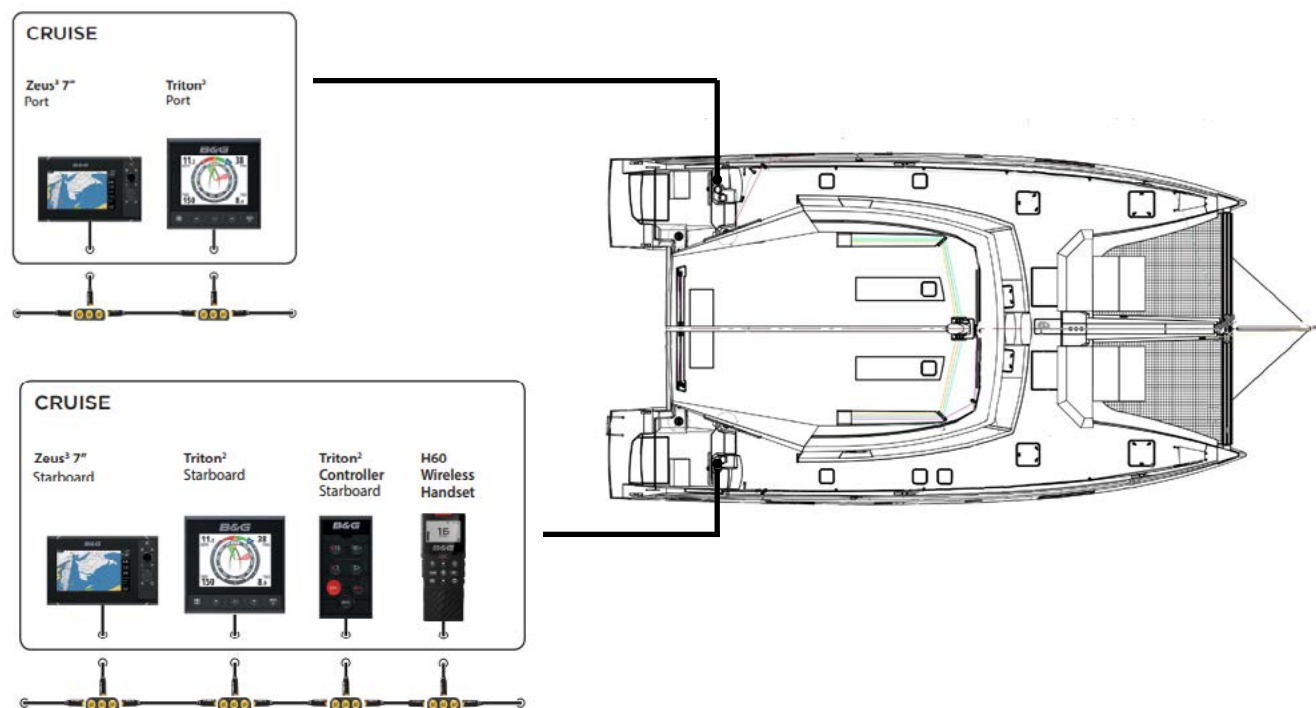

NAIS 500:

- Send & receive
- Integrated solution
- Multiple networking connections
- Waterproof
- Lightweight
- Low power consumption

DST800:

- Depth/Speed/Temperature
- Highly Accurate
- Innovative Housing
- NMEA2000® Connectivity

Nav-Pack Cruise

Zeus³ 7":

- Excellent screen visibility with ultra-wide viewing angles
- Easy to control, even in wet conditions or rough seas
- High performance for responsive operation and quick chart redraw
- Dedicated sailing features such as SailSteer, Laylines and RacePanel
- Built-in Wi-Fi for easy access to charts, weather, updates, support, and screen mirroring
- Integrates seamlessly with other B&G displays and accessories in a boat-wide system

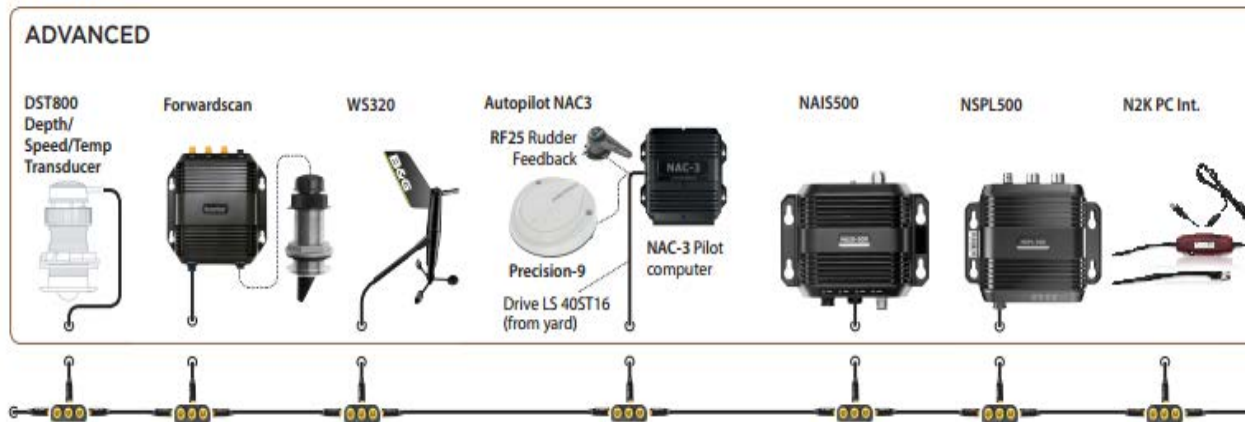

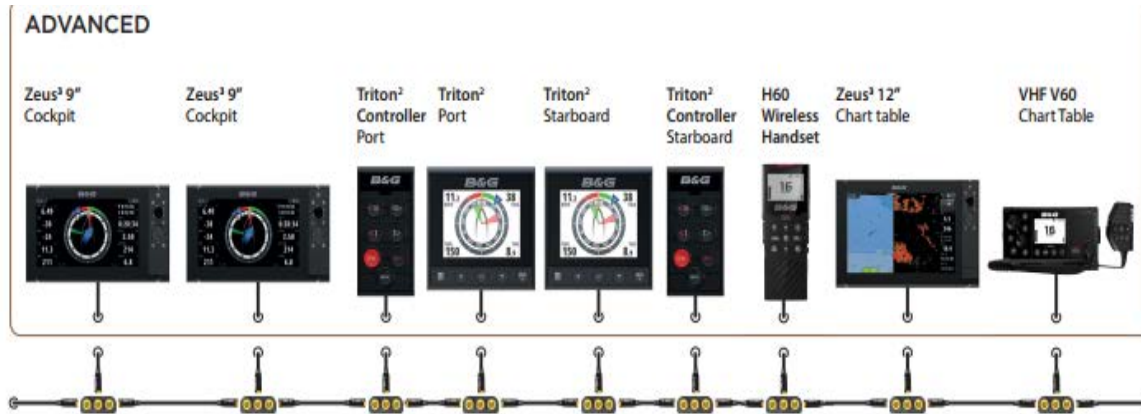

Triton²:

- Efficient LCD Technology: Transflective LCD technology uses reflected ambient light to enhance day-time visibility
- Easy to Use: Triton² provides simple on-screen menus controlled by soft-touch and reliable waterproof buttons.
- Low Profile Design
- Intuitive design makes it easy to configure and use your display.
- With the addition of a Triton² Pilot keypad the instrument becomes a fully functional Pilot controller.

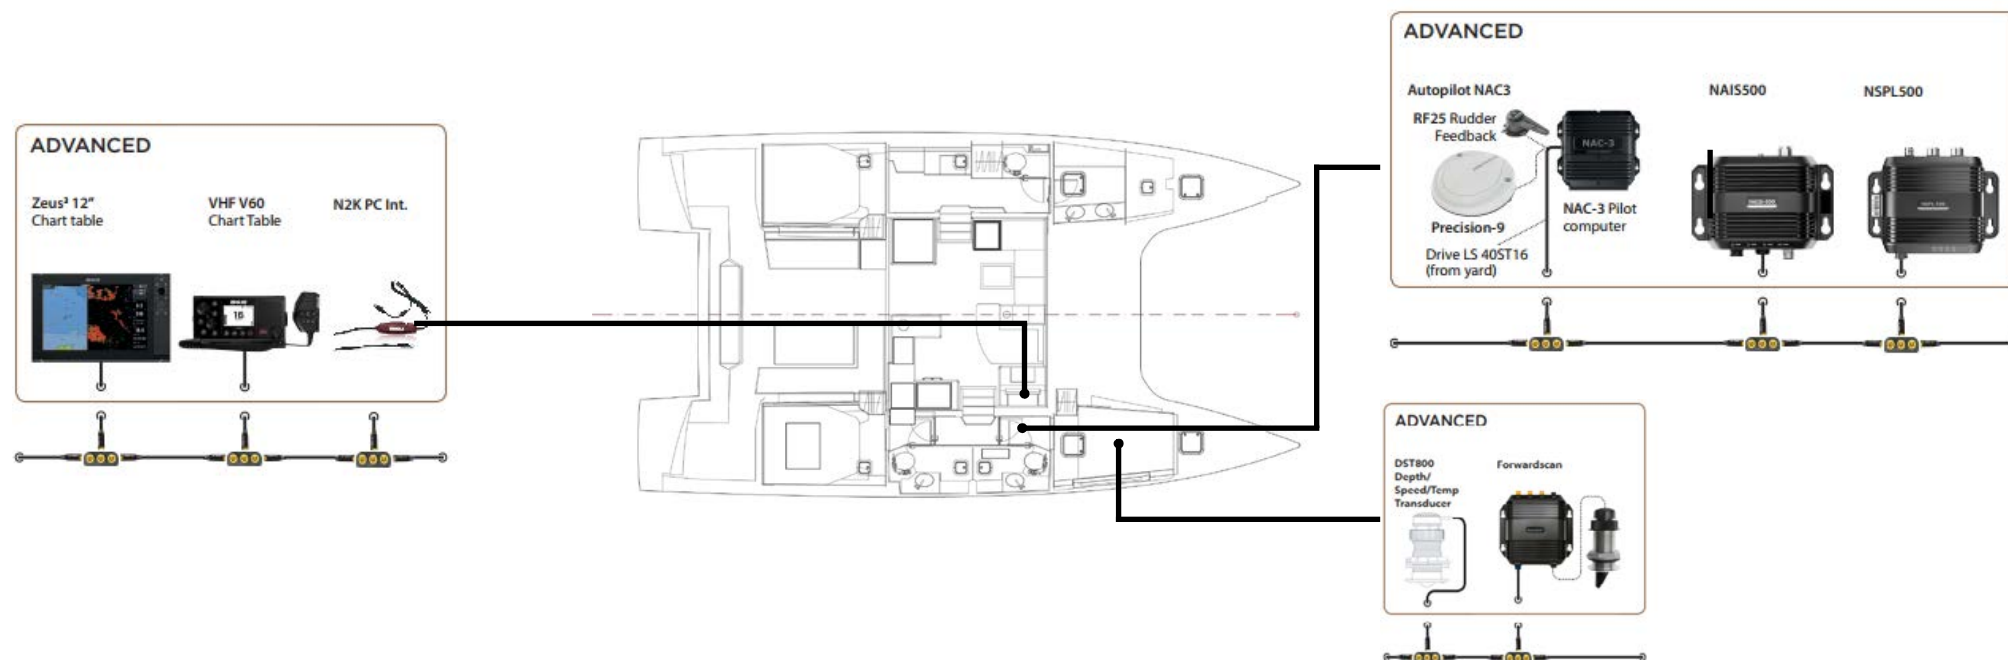

H60 Wireless VHF:

- Wireless handset for the V60 VHF radio
- Handsets and V60 work as an on-board inter-com
- Inductive charging with the included cradle
- Up to 8 hours battery life
- 100-metre range from base station
- Fully waterproof (IPX7)

Nav-Pack Advanced

Nav-Pack Advanced

Zeus³ 12":

- A super-bright 12" SolarMAX™ HD display with ultra-wide viewing angles
- Dedicated sailing features such as SailSteer, Laylines and RacePanel
- High-performance processor for responsive operation and quick chart redraw
- All-weather touchscreen plus full rotary and keypad controls
- Wi-Fi enabled for easy access to charts, weather, updates, support, and screen mirroring
- Built-in ForwardScan™ sonar support for safer passage through shallow waters

VHF V60:

- Class D DSC approved VHF radio
- Dual channel AIS receiver
- Integrated GPS receiver

Forwardscan:

- Forward-looking 2D sonar imaging
- Bottom Colour Tracking for a simplified bottom view
- Heading Line View combines ForwardScan depth data into heading line on charts
- Shallow depth alarm
- Maximum forward view of 8X current depth, nominally 4-5X current depth
- Operates at 180kHz, reducing interference from traditional 200kHz echosounders
- Built-in temperature sensor
- 50.8mm (2") stainless steel through-hull fitting

WS320:

- Superior data accuracy and aerodynamics
- Sensor quality and reliability

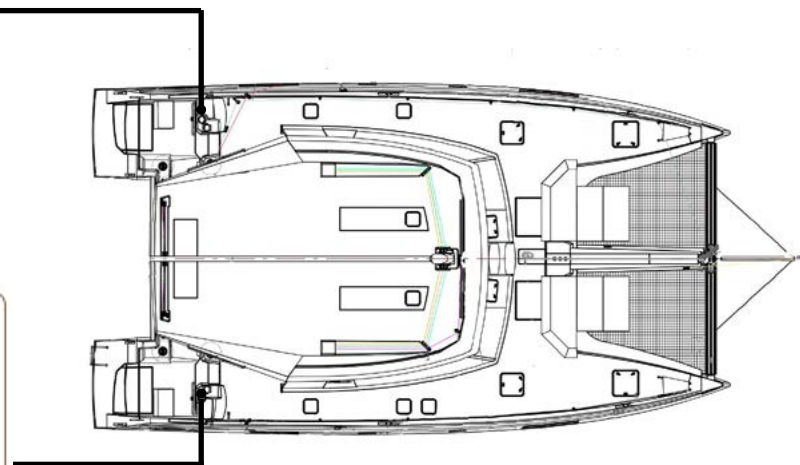

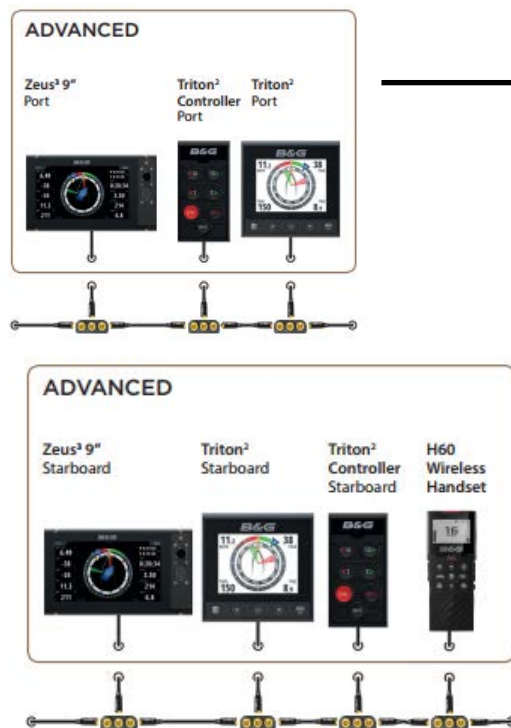

NAIS 500:
